Sembcorp Marine reports cyber incident; moves to address incident and support affected stakeholders

Singapore, 31 August 2022: Sembcorp Marine Ltd (the “**Company**”) has recently discovered a cybersecurity incident where an unauthorised party accessed part of its IT network via third-party software products.

The Company treats this incident seriously and took immediate actions to manage and mitigate any potential risks. Cybersecurity experts have been appointed to conduct detailed analytics to flush out all breaches and related root causes, assist with impact assessment, review and enhance security measures to further strengthen the Company’s core IT infrastructure and systems.

Based on investigations and impact assessment to-date by the Company and its cybersecurity experts, the incident and related risks have been effectively addressed. The Company’s business operations remain unaffected throughout.

The Company has notified the relevant authorities and is working closely with the authorities on this matter.

The Company has established that certain personally identifiable information relating to some of its incoming, existing and former employees, as well as non-critical information relating to its operations were affected. Scans by the cybersecurity experts have to-date not detected any such data. The Company has contacted affected parties and is committed to helping them manage all possible risks and take appropriate follow-up actions.

The Company is mindful of the concerns of all affected parties and would like to assure all our stakeholders that information security and the privacy of all stakeholders are our top priorities.

This cybersecurity incident is not expected to have any material impact on the consolidated net tangible assets or consolidated earnings per share of Sembcorp Marine for the current financial year.
